Participation Options

Participants may act during *the Beat the Heat Tool Deals* by purchasing Qualified Products from 2 types of distributors:

1. Purchasing from Dedicated Distributors.

Dedicated Distributors support *the Beat the Heat Tool Deals* by selling Qualified Products and providing Free Tools described in Rules A, B, C, and D at the point of sale and/or providing stated discount in Rule E. Dedicated Distributors are marked with a special badge on NAVAC's official promotion landing page.

- If a participant purchases Qualified Products from an enrolled Dedicated Distributor, he/she receives Free Tool(s) or the \$50 USD/\$70 CAD discount(s) at the point of sale, in accordance with the specific promotion rules.

2. Purchasing from NAVAC Fulfilled Distributors.

NAVAC Fulfilled Distributors support the Beat the Heat Tool Deals by selling Qualified Products but do NOT provide Free Tool(s) described in Rules A, B, C, and D at the point of sale.

- If a contractor purchases Qualified Products under Rules A, B, C, or D from a NAVAC Fulfilled Distributor, he/she shall claim eligible Free Tool(s) through NAVAC's official promotion landing page. NAVAC will review all submissions and, upon approval, fulfill and ship eligible FREE products directly to the contractor.

- If a contractor purchases Qualified Products under Rule E from a NAVAC Fulfilled Distributor, he/she may request a \$50 USD/\$70 CAD discount per eligible item at the point of sale.
 - To ensure a smooth experience, contractors must confirm with the distributor that the discount can be applied prior to making their purchase.
 - Not all distributors may be able to process the discount at the time of sale. If the distributor is unable to process the \$50 USD/\$70 CAD discount, Rule E will not apply at that location, and the contractor may purchase from another distributor.

Contractors may identify the type of distributors by checking the promotion landing page.
